SUMMARY

Android developer with a passion for creating high-performance apps. Continuously learning and staying updated with the latest Android ecosystem for a competitive edge. Seeking opportunities to enhance skills and contribute to innovative Android projects.

EXPERIENCE

Android Developer Intern

Zummit InfoLabs   **November 2024 - Present，Bengaluru, Karnataka, India - Remote**

PROJECTS

Detectify: Detection & Recognition App

github.com/techsavvysanyam/Detectify

- Real-time Barcode scanning, Face analysis, Object detection, Image labeling, and Text recognition using Google ML Kit.
- Features an intuitive interface with CameraX for camera preview and capture.
- Works entirely offline, providing fast and secure processing on-device.
- Integrated custom machine learning model to enhance detection accuracy, resulting in a 40% improvement in recognition.

Meme Station: Instant Meme Hub

github.com/techsavvysanyam/Meme-Station

- Built using Kotlin with integrated API for real-time meme access using Volley.
- Includes social media sharing and saving functionality for seamless meme distribution.
- Offers a smooth and user-friendly interface for browsing memes.

EDUCATION

Master of Computer Applications - MCA

Lovely Professional University • Jalandhar • 2024 • 8.52

Bachelor of Computer Applications - BCA

Govt. College Dharamshala - Affiliated HPU, Shimla • Himachal Pradesh • 2022 • 8.26

CERTIFICATIONS

Android With Kotlin

Infosys Springboard • 2024

Git & Github Essentials

LetsUpgrade • 2023

Developing Applications with Google Cloud

Coursera • 2022

SKILLS

- **Core Programming Languages:** Proficient in Kotlin and Xml for Android development.
- **Additional Languages:** Familiar with HTML, CSS, React, and Python. Java for legacy Android codebases.
- **Android SDK and Tools:** Experienced with Android Studio, Gradle, ADB, Profiler, Debugger, Logcat, Networking, Retrofit, Volley, MlKit, and more.
- **UI/UX Design:** Skilled in creating intuitive interfaces with XML Layouts, Material Design, Custom Views, and Graphical assets.
- **Version Control:** Proficient in Git and GitHub for collaborative development and code management.
- **Android Expert:** Experienced in optimizing the Android OS for compatibility and performance across various devices.
